Each time the game is played a number of places or actions are added

### Equipment:

Gateball court set up

### Activity Description:

Coach calls out actions / parts of the court and kids run to those places

### Change it:

Kids usually want this game to become an exclusion game where the last person to perform an action or reach a point leaves the game

Kids also enjoy being the caller

Game can be changed into a "Simon Says" game instead. In this version kids only perform the action if the caller preceded their call with "Simon Says" or other appropriate phrase.

### Safety Considerations:

Cover could be placed on the gates so kids dont trip
