

2025 Tournament Feedback

The survey results will be used by the Events Coordinator as part of the monthly report to the CAQ MC to help them make decisions regarding future tournament regulations and schedules. When no feedback is received from a number of players, it will be interpreted as total satisfaction of the event.

If you are outlining a problem in any of your responses, please give a suggestion on how to remedy the problem.

Your survey input is anonymous unless you add your name.

Thank you for your time.
